FRIENDS ❤️

"A Friend is one who overlooks your broken fence & admires the flowers in your garden 🌻".

Friendship is a connection that lasts longer than any other because of one strong element in it which even a love relationship lacks & that is **"NO EXPECTATIONS 😊"**. The most amazing hugs 🤗, the resounding laughter 😂, the sometimes threatening to walk away & yet stay back without the need of any persuading, the hangouts 🤝, the peaking at each other, the calling by funny names 🐱🐶, the sharing of secrets 🗨️, clicking weird photos of each other 😂, making fun of everyone 😄 & so much more without serious & weighty expectation or demands, friendship truly is the best relationship we make in this world ❤️👉:

"Friends care for each other, understand each other, stay with each other forever beyond word beyond distance, beyond time 🌍🍀👉!"
